

Power Grommet

User Manuel

Item Reference : 700B1C

TECHNICAL PARAMETER

Wireless charging	Frequency band:110 - 200 KHz
	The maximum RF Power: 15W
USB charger	5VDC 3A,MAX15W
Color	Black,White
Installation request	60mm diameter cut out (hole)

Note:

- This product could be used indoor only
- Operation is subject to the following two conditions:
 - (1) This device may not cause harmful interference,
 - (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution:

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

Note:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: —Reorient or relocate the receiving antenna. —Increase the separation between the equipment and receiver. —Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. —Consult the dealer or an experienced radio/TV technician for help.

Power Grommet

User Manuel

Item Reference : 70MCRB1P1C

INTRODUCTION :

The **Power Grommet** is a Φ 80mm grommet that consolidates all power and data options. The open and close cap features a wireless charger (with >83% charging efficiency). You will find a power outlet, a USB charger (A+C), and a cable pass-through, all within a Φ 80mm grommet.

TECHNICAL PARAMETER :

Rate current	16A
Rate voltage	250V
Max power	3680W
Provision for earthin	with earthing contact
Number of pole	2P+ \oplus
Optional function	Wireless charging
	Cable through, HDMI jack ,HDMI jack,USB data extension connector(These modules are used separately)
Wireless charging	Frequency band:110-205KHZz
	System Hardware Version: V1.1
	System Software Version: V1.1
USB charger	Environment temperature: -10-45°C
	Input:220~240VAC 50/60Hz 0.9A USB-C Output:5V3A,9V2A,12V1.5A USB-A Output:5V3A,9V2A,12V1.5A USB-C + USB-A Output: 5V3A Wireless Charger Output The maximum Power: 18W
Cable type	H05VV-F,3G1.5mm2
The length of the cord	1.5m (can custom made)
Color	Black, White
Protection	IP20
Restriction Use	This product could be used indoor only

Retractable Socket

User Manuel

Item Reference : 70CS3P1C

Adapt
Ø60mm
hole

INTRODUCTION :

The retractable socket has the slimmest profile of the entire vertical retractable socket range. It only requires a 6cm cutout, allowing the socket to fit perfectly into most office desks without the need for an additional cutout (a Ø6 cm cutout is a standard size for most office desks). The socket can lift and close easily, and the locking button holds the socket firmly in place when the power supply is on.

TECHNICAL PARAMETER :

Rate current	16A
Rate voltage	250V
Max power	3680W
Provision for earthin	with earthing contact
Number of pole	2P+⊕
Cable type	H05VV-F,3G1.5mm2
USB Charger	The maximum Power : 15W
Enclosure	Aluminium
Protection	IP20
Method of connecting cable	TYPE Z

APPLICATION FIELD:

Scalable technology especially recommended in the following application :

- Kitchen
- Office
- Conference room
- Etc.

HOW TO INSTALL

Adapt Ø 60mm desk hole

Ø60mm is universal standard cut out size on desk

Drill holes 60 mm in diameter or simply use the existing holes in most of the work desk

Twisting to the left

Place socket, pay a attention to the cord

Screw on the fixing ring

HOW TO USE

Push the button

Pull it up until you hear a click

Push down

Flip PopUp

User Manuel

Item Reference : 70P2P1C

INTRODUCTION :

To use the PopUp Rectangular Desk Socket, which is installed in a rectangular cutout in the desk surface, gently press the activation button to reveal the power outlets, USB ports, and Ethernet connections; once you have finished using the socket, press the button again to retract the module, ensuring a secure fit and a tidy workspace.

TECHNICAL PARAMETER :

Rate current	16A
Rate voltage	250V
Max power	3680W
Number of pole	2P+ ⊕
Installation request	Table thickness between 1-50mm
USB Charger	The maximum Power: 15
Enclosure	Stainless steel

APPLICATION FIELD:

Recommended in the following application :

- Office desk
- Conference room
- Media room
- Etc.

HOW TO INSTALL

2mm thickness on surface when close

① Clip on

PopUp Socket

User Manuel

Item Reference : 70MCRB4P1C

Adapt
Ø120mm
hole

INTRODUCTION :

To use the PopUp Desk Socket Instruction, which is installed in a 120mm diameter cutout in the desk surface, gently press the deployment button to reveal the power outlets, USB (A+C) ports, HDMI port, and Ethernet connections; after use, ensure the module is retracted by pressing the button again to secure it and maintain an organized workspace.

TECHNICAL PARAMETER :

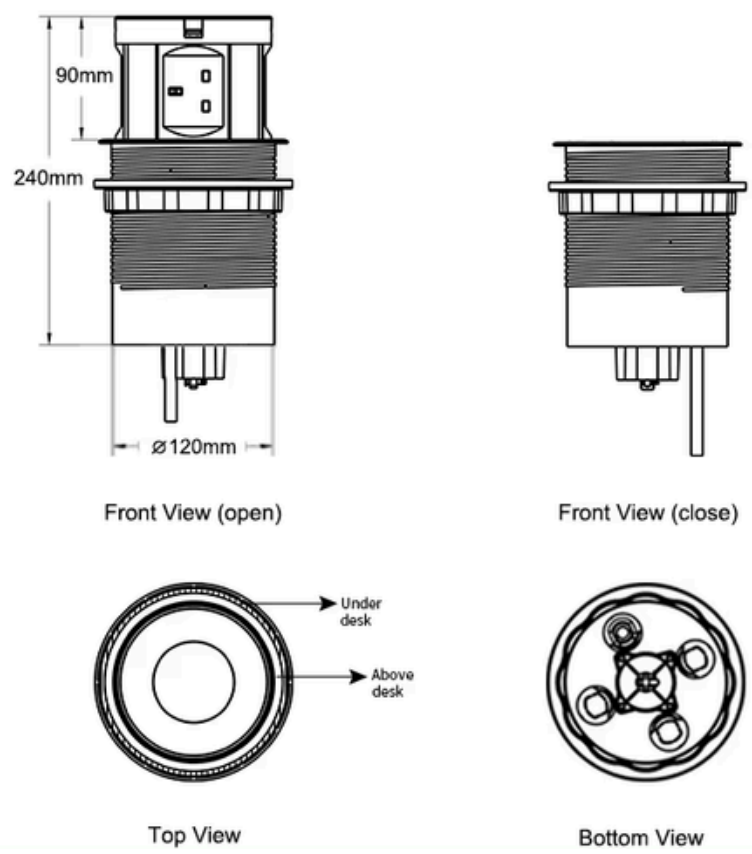

Rate current	16A
Rate voltage	250V
Number of pole	2P+
Installation request	Table thickness between 1-50mm
Main material	PC+ABS plastic, Stainless steel coating aluminium, Copper
USB Charger	The maximum Power: 15W
Installation request	120mm diameter cut out (hole) , Depth ≤100mm

Touch Retractable Socket

User Manuel

Item Reference : 70CRB3P1C

TECHNICAL PARAMETER :

Category	Retractable Sockets
Input	250V~ ,16A
Number of pole	2P+E
Output	3680 W
Configuration	3 French Outlets + 30W USB Charger type (A+C)
Main material	PC+ABS plastic, Aluminium(with stainless steel coating), Copper
Installation request	60mm diameter cut out (hole)
Where too use	Office, Kitchen, Public space and other

European(French) version power outlets

× 3

30W USB Charger Type A+C outlets

× 1

2 Meter 3×1.5mm² cable with European plug
